Aphasiology, Volume 17, 2003
Contents

Number 1, January

Review

3 *Wolfram Ziegler*, Speech motor control is task-specific: Evidence from dysarthria and apraxia of speech

Papers

37 *K. J. Ballard, D. A. Robin, and J. W. Folkins*, An integrative model of speech motor control: A response to Ziegler

49 *Roelien Bastiaanse, Susan Edwards, Edwin Maas, and Judith Rispens*, Assessing comprehension and production of verbs and sentences: The Verb And Sentence Test (VAST)

75 *Borna Bonakdarpour, Anita Eftekharzadeh, and Hassan Ashayeri*, Melodic intonation therapy in Persian aphasic patients

Number 2, February

Papers

99 *Wolfram Ziegler*, To speak or not to speak: Distinctions between speech and nonspeech motor control. A reply to Ballard, Robin and Folkins

107 *Catherine Mackenzie and Gillian Paton*, Resumption of driving with aphasia following stroke

123 *Beverly J. Jacobs and Sandra L. Schneider*, Analysis of lexical-semantic processing and extensive neurological, electrophysiological, speech perception, and language evaluation following a unilateral left hemisphere lesion: Pure word deafness?

143 *N. Beausoleil, R. Fortin, B. Le Blanc, and Y. Joanette*, Unconstrained oral naming performance in right- and left-hemisphere-damaged individuals: When education overrides the lesion

159 *Monica Strauss-Hough, C. Renee Downs, Jerry L. Cranford, and Gregg D. Givens*, Measures of auditory processing in aphasia: Behavioural and electrophysiological analysis

173 *Carl A. Coelho and Laura Flewellyn*, Longitudinal assessment of coherence in an adult with fluent aphasia: A follow up study

183 *Monica Strauss Hough and Irene Barrow*, Descriptive discourse abilities of traumatic brain-injured adults

193 Book review

Number 3, March

Papers

203 *Annamari Conley and Carl A. Coelho*, Treatment of retrieval impairment in chronic Broca's aphasia

213 *Sandra L. Schneider and Cynthia K. Thompson*, Verb production in agrammatic aphasia: The influence of semantic class and argument structure properties on generalisation

243 *Bronwyn Davidson, Linda Worrall and Louise Hickson*, Identifying the communication activities of older people with aphasia: Evidence from naturalistic observation
265 *A. L. Inglis*, Taking expectations to task in aphasic sentence comprehension: Investigations of off-line performance
291 *Patrick J. Doyle, Malcolm R. McNeil, William D. Hula, and Joseph M. Mikolic*, The Burden of Stroke Scale (BOSS): Validating patient-reported communication difficulty and associated psychological distress in stroke survivors

Case study

305 *Kati Renvall, Matti Laine, Minna Laakso, and Nadine Martin*, Anomia treatment with contextual priming: A case study

Number 4, April

Special issue: Quality of life in aphasia
Guest editors: Linda E. Worrall and Audrey L. Holland

329 *Linda E. Worrall and Audrey L. Holland*, Editorial: Quality of life in aphasia
333 *Madeline Cruice, Linda Worrall, Louise Hickson, and Robert Murison*, Finding a focus for quality of life with aphasia: Social and emotional health, and psychological well-being
355 *Katherine B. Ross and Robert T. Wertz*, Quality of life with and without aphasia
365 *Katerina Hilari, Richard D. Wiggins, Penny Roy, Sally Byng, and Sarah C. Smith*, Predictors of health-related quality of life (HRQL) in people with chronic aphasia
383 *Barbara Engell, Bernd-Otto Hütter, Klaus Willmes, and Walter Huber*, Quality of life in aphasia: Validation of a pictorial self-rating procedure
397 *Jan R. Avent and Shannon Austermann*, Reciprocal scaffolding: A context for communication treatment in aphasia
405 *Riva Sorin-Peters*, Viewing couples living with aphasia as adult learners: Implications for promoting quality of life

Number 5, May

Special issue: 32nd Clinical Aphasiology Conference
Guest editor: Patrick J. Doyle

421 *Patrick J. Doyle*, Preface
423 *Margaret Lehman Blake, Joseph R. Duffy, Connie A. Tomkins, and Penelope S. Myers*, Right hemisphere syndrome is in the eye of the beholder
433 *Julie L. Wambaugh*, A comparison of the relative effects of phonologic and semantic cueing treatments
443 *Heather Harris Wright, Stacy W. Silverman, and Marilyn Newhoff*, Measures of lexical diversity in aphasia
453 *Miranda Rose and Jacinta Douglas*, Limb apraxia, pantomime, and lexical gesture in aphasic speakers: Preliminary findings
465 *Gayle DeDe, Diane Parris, and Gloria Waters*, Teaching self cues: A treatment approach for verbal naming
481 *Jamie F. Mayer and Laura L. Murray*, Functional measures of naming in aphasia: Word retrieval in confrontation naming versus connected speech
499 *Carl A. Coehlo, Kathleen M. Youse, Karen N. Le, and Richard Feinn*, Narrative and conversational discourse of adults with closed head injuries and non-brain-injured adults: A discriminant analysis

511 *Hanna K. Ulatowska, Gloria Streit Olness, Robert T. Wertz, Agnes M. Samson, Molly W. Keebler, and Karen E. Goins*, Relationship between discourse and Western Aphasia Battery performance in African Americans with aphasia
523 *William D. Hula, Malcolm R. McNeil, Patrick J. Doyle, Hillel J. Rubinsky, and Tepanta R. D. Fossett*, The inter-rater reliability of the story retell procedure

Number 6/7, June/July

Special issue: Dysgraphia: Cognitive processes, remediation and neural substrates
Guest editors: Brenda Rapp and Pelagie Beeson
Introduction
531 *Brenda Rapp and Pelagie M. Beeson*, Dysgraphia: Cognitive processes, remediation and neural substrates
Section One – Dysgraphia: Cognitive processes
537 *Marie-Josèph Tainturier and Brenda Rapp*, Is a single graphemic buffer used in reading and spelling?
563 *Brendan Weekes, Robert Davies, Ben Parris, and Gail Robinson*, Age of acquisition effects on spelling in surface dysgraphia
585 *Shuli Reich, Tai-Li Chou, and Karalyn Patterson*, Acquired dysgraphia in Chinese: Further evidence on the links between phonology and orthography
Section Two – Dysgraphia: Remediation
607 *Anastasia M. Raymer, Christal Cudworth, and Melissa A. Haley*, Spelling treatment for an individual with dysgraphia: Analysis of generalisation to untrained words
625 *Natalie S. Clausen and Pelagie M. Beeson*, Conversational use of writing in severe aphasia: A group treatment approach
Section Three – Dysgraphia: Neural substrates
647 *Pelagie M. Beeson, Steven Z. Rapcsak, Elena Plante, Jullyn Chargualaf, Anne Chung, Sterling C. Johnson, and Theodore P. Trouard*, The neural substrates of writing: A functional magnetic resonance imaging study
667 *Kimihiro Nakamura and Sid Kouider*, Functional neuroanatomy of Japanese writing systems

Number 8, August

Papers
687 *Rosemary Cunningham and Christopher D. Ward*, Evaluation of a training programme to facilitate conversation between people with aphasia and their partners
709 *Marina Laganaro, Marie Di Pietro, and Armin Schnider*, Computerised treatment of anomia in chronic and acute aphasia: An exploratory study
723 *Dawn R. Francis, Nina Clark, and Glyn W. Humphreys*, The treatment of an auditory working memory deficit and the implications for sentence comprehension abilities in mild "receptive" aphasia
751 *Nina Simmons-Mackie and Misty Schultz*, The role of humour in therapy for aphasia
Case study
767 *Kelly Jackson-Waite, Jo Robson, and Tim Pring*, Written communication using a lightwriter in undifferentiated jargon aphasia: A single case study
781 Book reviews

Number 9, September

Papers

799 *Jenny Postler, Ria De Bleser, Jürgen Cholewa, Volkmar Glauche, Farsin Hamzei, and Cornelius Weiller*, Neuroimaging the semantic system(s)

815 *Alessandra Caporali and Anna Basso*, A survey of long-term outcome of aphasia and of chances of gainful employment

835 *Bernard Michallet, Sylvie Tétreault, and Guylaine Le Dorze*, The consequences of severe aphasia on the spouses of aphasic people: A description of the adaptation process

861 *Anja Wunderlich, Wolfram Ziegler, and Andrea Geigenberger*, Implicit processing of prosodic information in patients with left and right hemisphere stroke

881 *Marian Brady, Catherine Mackenzie, and Linda Armstrong*, Topic use following right hemisphere brain damage during three semi-structured conversational discourse samples

Number 10, October

Papers

911 *Patricia M. Roberts, Chris Code, and Malcolm R. McNeil*, Describing participants in aphasia research: Part 1. Audit of current practice

933 *Patricia M. Roberts*, Performance of Canadian adults on the Graded Naming Test

947 *Tanya A. Rose, Linda E. Worrall, and Kryss T. McKenna*, The effectiveness of aphasia-friendly principles for printed health education materials for people with aphasia following stroke

Case study

965 *Alison Ferguson, Linda Worrall, John McPhee, Rhonda Buskell, Elizabeth Armstrong, and Leanne Togher*, Testamentary capacity and aphasia: A descriptive case report with implications for clinical practice

Case study

981 *Jose A. Adrian, Mercedes Gonzalez, and Juan J. Buiza*, The use of computer-assisted therapy in anomia rehabilitation: A single-case report

Number 11, November

Papers

1007 *Deborah Hersh*, "Weaning" clients from aphasia therapy: Speech pathologists' strategies for discharge

1031 *Julia Wade, Jane Mortley, and Pam Enderby*, Talk about IT: Views of people with aphasia and their partners on receiving remotely monitored computer-based word finding therapy

1057 *Esterella de Roo*, Null subject pronouns in Broca's speech production

Case study

1073 *Diane L. Kendall, Tim Conway, John Rosenbek, and Leslie Gonzalez-Rothi*, Phonological rehabilitation of acquired phonological alexia

1097 Book review

Number 12, December

Papers

1103 *Mikyong Kim and Cynthia K. Thompson*, Semantic anomaly judgement in individuals with probable Alzheimer's disease

1115 *Maria L. Muñoz and Thomas P. Marquardt*, Picture naming and identification in bilingual speakers of Spanish and English with and without aphasia

1133 *Jacqueline S. Laures, Katharine H. Odell, and Christopher L. Coe*, Arousal and auditory vigilance in individuals with aphasia during a linguistic and nonlinguistic task

Review

1153 *Kimberley M. Docking, Bruce E. Murdoch, and Elizabeth C. Ward*, Cerebellar language and cognitive functions in childhood: A comparative review of the clinical research

Paper

1163 *Ruth Herbert, Wendy Best, Julie Hickin, David Howard, and Felicity Osborne*, Combining lexical and interactional approaches to therapy for word finding deficits in aphasia

1187 Volume 17—Contents

1192 Volume 17—Author index

1194 Volume 17—List of reviewers
